Michał Wechmann

IT Engineering Graduate | Data Analyst & Junior Technical PM |
SQL, Python & Data Analysis
Cracow, Małopolskie, Poland

Summary

I am an IT Engineering graduate combining a strong technical foundation with hands-on experience in project coordination. My background includes managing complex international projects, which taught me how to effectively bridge the gap between business requirements and technical execution. Core Competencies: Data & Tech Stack: SQL, Python, Git, Advanced MS Excel (Data Analysis, Power Query), AI tools for workflow optimization. Project Management: Portfolio management, timeline execution, and cross-functional collaboration using Jira. Language Skills: Fluent English (C1) - experienced in translating business needs into actionable tasks. Problem Solving: Fast learner accustomed to fast-paced environments, balancing analytical tasks with client-facing responsibilities. Currently seeking opportunities in Kraków (or remote) as a Data Analyst, Business/System Analyst, or Junior Technical PM.

Experience

DSJ Business Consulting LLC

Ecommerce Specialist

January 2024 - Present (2 years 8 months)

- Managed e-commerce operations by monitoring and analyzing inventory data to ensure platform accuracy.
- Coordinated task workflows and tracked technical issue resolution using Jira.
- Maintained, updated, and optimized product databases within the CMS.

Acolad group
